

**FAITH LUTHERAN PRESCHOOL
VISION AND HEARING SCREENINGS FOR CHILDREN FOUR YEARS AND OLDER**

Child's Name:	Date:
----------------------	--------------

Children that are enrolled in any Texas Licensed Childcare Center who are four years of age by September 1st of the school year are required to obtain vision and hearing screenings. As a licensed center we are required to provide information to the state on your behalf. You may obtain such screenings from your child's physician, or, when available screenings maybe done by a licensed screening company, at the center for a nominal fee.

My child has not had their required screenings completed and will participate in the programs on site screenings. I understand that I am responsible for paying for such screenings.

My child is not required to complete these screenings.
